This party, in addition to being our annual end of the year get together, celebrates the publication of a book, an exciting landmark in the history of the Psychoanalytic Society.

Just out, this book constitutes the first published collaborative effort of members of our Society. It is the outgrowth of the Society's Third Biennial Conference, held in 1986, chaired by Helen Silverman and Judith Lasky. All of the authors are Psychoanalytic Society members. The contributors are, in order of appearance in the book; Waltraud Ireland, Robert Endleman, Barbara Schlachet, Barbara Waxenberg, Walter Gadlin, Judith Lasky, Leanne Domash, Michael Varga, Patrick Lane, Eileen Setzman, Peter Lawner, Joan Zuckerberg, Harold B. Davis, Helen Silverman, Robert Weinstein, Irwin Hirsch, and Andrew Druck.
