

Granting & Sponsorship Endeavors

Annual Scholars' Grants

The Scholars' Grants Committee, exclusively funded by the Psychoanalytic Society, awards three annual grants totaling \$5,000 to Society members with demonstrated commitment to psychoanalytic research, scholarship, and/or community education. These endowments are awarded to support scholarly work that substantiates the efficacy of psychoanalysis and psychoanalytic theory.

Grant specifications are mailed to Society members in mid-November, the submission deadline is mid-January, and the awards are conferred in late winter at the Society's Annual Gala Cocktail Party. Applicants must meet additional and specific requirements. Please contact Dr. Pat Vitacco, chair, at pbvitacco@yahoo.com for further information.

Bernard N. Kalinkowitz Memorial Fund

The Fund, solely sponsored by the Psychoanalytic Society, honors Dr. Kalinkowitz's lifelong commitment to individuality and pluralism in psychoanalytic training and practice, and celebrates him as a founder of the Postdoctoral Program. The Fund confers an annual scholarship award to a first year candidate. Please contact Dr. Dolores Morris, chair, at domorris@worldnet.att.net for further information.

NYU Postdoctoral Program Directory

The Psychoanalytic Society traditionally co-sponsors the publication of the NYU Postdoctoral Program's Directory. A list of Postdoctoral Program graduates of five years standing or more is noted in the publication, along with vital contact information for all Postdoctoral Program staff, faculty, supervisors and alumni.

Outreach to Students

The Psychoanalytic Society's Outreach Committee works to establish links with students who are still in training, informs current candidates about Society events, and provides new graduates the opportunities to network with alumni who share similar professional interests. Please contact Dr. Susan Krausz, chair, at krauzsusan@aol.com for further information.

Our Leadership

By continuing to blend recent graduates and seasoned members in our leadership, our board is the ideal combination of new ideas and experienced perspectives.

the PSYCHOANALYTIC SOCIETY

of the Postdoctoral Program, Inc.

About Us

The Psychoanalytic Society of the Postdoctoral Program, Inc. is the professional, scientific, and educational association for graduates, faculty, and supervisors of the New York University Postdoctoral Program in Psychotherapy and Psychoanalysis.

We are independently incorporated and dedicated to sponsoring various activities that serve our membership, the overall postdoctoral community, the professional community at large, and the public.

The Psychoanalytic Society is a not-for-profit corporation and was formed in the early 1970's as a way for graduates of the NYU Postdoctoral Program to have an ongoing relationship with their institution after graduation. Involvement in the Society is one of the few opportunities graduates have to maintain an ongoing postdoctoral experience and sustain themselves as members of their collegial community.

We strive to include candidates in as many of our activities as possible to help bridge the gap between the Postdoctoral Program and life after graduation.

Membership

Membership in the Psychoanalytic Society is extended annually in mid-October to alumni, faculty members and supervisors of the NYU Postdoctoral Program. Annual dues are \$100, however, graduates are extended complimentary Society membership for the year in which they graduate. Please contact Society Administration at PsaSociety@optonline.net for more information.

The financial support of membership dues enables the Psychoanalytic Society to continue its important endeavors. Please do not hesitate to contact any of the Society's board members with questions, suggestions and/or comments or if you wish to actively participate.

Educational Endeavors

Biennial International Conference

The Conference provides an opportunity for professional and social exchanges with analysts from other countries. Attendees present and discuss scientific papers before professional audiences. Past conferences were held world-wide. The next conference, again co-sponsored by the graduate societies of NYU Postdoc, William Alanson White, Adelphi, and Toronto, will be held in Vancouver on July 25-27, 2008. Entitled, "*Responsiveness and Responsibility*," it will focus on the role of psychotherapy and psychoanalysis in a rapidly changing world. Please contact Dr. Michael Stern, chair, at mstern393@gmail.com for further information.

Colloquium Committee

The Committee manages a series of workshops and colloquia on topical subjects and of interest to the community, complimentary for candidates and Society members.

We look forward to our upcoming workshop on November 11, 2006 entitled, "*The Psychoanalytic Taboo: Integrating Cognitive-Behavioral Techniques into Psychoanalysis*," to be presented by Drs. Paul Wachtel and Lisa Lyons in NYC. As the deadline for reservations is 11/4, please contact Dr. Donna Silbert, interim chair, at (212)721-1244 or docsilbert@hotmail.com.

There is ongoing exploration and development of innovative events, among which is our planning for a program for candidates in spring 2007 on how to develop a practice. We anticipate offering CE credits to eligible participants in the future. Please contact Dr. Eileen Setzman, chair, at setzman55@aol.com for information on future events.

Annual Memorial Lecture

The Annual Memorial Lecture, ~~co-sponsored with the NYU Postdoctoral Program~~, has been honoring its faculty for more than 30 years. Distinguished analysts and authors from the U.S. and abroad deliver the lecture. The next one is scheduled for spring 2007; details forthcoming. Please contact either co-chair, Dr. Susan Krausz at krauszsusan@aol.com or Dr. Helen Silverman at hsilver900@aol.com for further information.

Membership Benefits

Postdoctoral Referral Service

The Service is solely sponsored by the Psychoanalytic Society and has been providing moderate-cost referrals exclusively to Society members for more than 30 years.

Invitation for membership is sent annually to the entire NYU Postdoctoral Program community — graduates, faculty and supervisors. Membership dues for the Referral Service are additional to that of Society membership, which is mandatory for enrollment. Registration is accepted on a first-come first-serve basis, as enrollment capacity is limited to ensure optimal effectiveness.

Its long-lasting popularity is a reflection of its consistent and personalized service. (See the *Postdoctoral Referral Service* brochure.) Application for treatment may be made by calling 1-800-POSTDOC.

Annual Gala Cocktail Party

Complimentary for Society members, the Society's Annual Gala Cocktail Party in late winter has become a wonderful tradition. Each year prominent members of the Society are honored in a creative way. This past March we celebrated Society members who were recently published authors and editors, as well as enjoyed the food, drinks, live music, and the opportunity to see old friends and colleagues.

Please contact Dr. Sharon Brennan, chair, at drsharonbrennan@earthlink.net for further information.

Moderate-Fee Psychoanalysis with Candidates

The Psychoanalytic Society maintains a list, which is accessible on the Society's website, of Society members who are willing to do moderate-fee psychoanalysis with NYU Postdoctoral Program candidates.
